Rash of thefts plague Antioch

First meeting for new Plan Commission

Thursday, May 24th, was the first meeting for the new Planning Commission. It was more or less an introductory-type meeting and the new members, Ron Marten, Frank Warren, Don Amundsen, and Ken Weirschem, were brought up to date on several matters. The main point of interest centered around the Comprehensive Plans that are in the process of being drawn up by the Lake County Regional Planning Commission.

Planner Cranston Byrd, was present at the meeting. He told the Commission that Joseph Hertlein, who is in charge of the project could not be present, but that he would try to answer any questions they had. He did say that the work is still in progress, but could not give the Commission an exact date or even a tentative date, when the final stages of the plans, which are long over due, could be completed. He mentioned that it will probably be at least a year.

Chairman of the Commission,

Bob Bemis, said at that point, "I don't think that we can wait a year, or at least we wouldn't want to wait a whole year, if we could possibly get it sooner. We just can't keep tabling annexations, which has been our policy up until this point!"

Bemis suggested to the Commission that maybe this is the time to decide whether they are going to stay with the County Regional Planners or go on with a private firm.

Commission member, Bill Brook, voiced his opinion which was in favor of sticking with the Commission. He told the members that the only reason Hertlein and Cranston were behind in their study was because they were pulled from this project and put to work on the County Study. He commented that now that they are free to work on this project there should not be anymore set backs. It is his opinion that both men to date have done a fine job and if the Commission were to switch to a private firm, they

would have to start from the beginning again and would probably lose more time.

Brook said, "The Commission

A rash of thefts have been spreading haphazardly in Antioch during the past week.

The largest theft occurred on May 21st when \$3,000 worth of racing equipment, which included engines and parts, were stolen from a remote building in Antioch. The burglary was reported by the owner of the building. The thief or thieves gained entry to the building by breaking a padlock. The name and the location of both the owner and the building are being withheld at this time pending further investigation by the Antioch Police Department.

A theft of approximately \$800 occurred in a storage lot in the Village on May 20th. New cars stored on the lot were missing tires, stereo tapes, etc.

A second theft occurred at the same location, which also cannot be disclosed at this time pending further investigation, on May 26th.

It was reported that all four

tires and wheels were removed from a new car that was stored in a lot on Main Street. There was no identification of how the car was jacked up, but a 2' x 4' was left under the rear axel on the left side and a 4-way lug wrench was found under the wheel housing. The total cost of the theft was estimated at \$190.00.

A similar incident occurred at another location on May 25th. A complete set of tires with the rims were stolen sometime during the middle of the night from a storage lot. The total cost of the theft was estimated at \$220.

Another incident occurred on May 21st as a used car theft was reported by Lyons and Ryan Ford.

The A & P Store in the Antioch Plaza was also a target of thieves this week. On May 26th, four male youths walked out of the front of the store carrying stacks of meat and fled in a light blue car.

Board hires teachers, pays bills

Routine business occupied the Antioch Community High School Board at the regular monthly meeting, May 24th.

After approving the payment of monthly bills and payroll, the Board received several items of correspondence. Chief among these was a letter from the North Central Association notifying the school of its continued accreditation. The letter pointed out that the high school is deficient, according to North Central standards, in the ratio of counselors to students; however, Superintendent Warren Polley commented that this should be alleviated by the addition of a counselor to the staff in the near future.

Supt. Polley recommended the hiring of three new teachers for the coming school year. They are:

-Thomas L. Schweiss, a

graduate of Fox Lake High School and Stout State University, currently teaching in Milwaukee, who will teach a new course in Power Mechanics.

-Don Zeman, a graduate of Antioch High School currently teaching at St. Peter's School, who will be a member of the Social Studies and Coaching staffs.

-Patricia Fessenden, a graduate of Carthage College, who will teach both Spanish and Mathematics.

After examining these applicants' credentials, the Board voted to hire all three.

The Board also approved a resolution authorizing the sale of \$124,000 in School Fire Prevention and Safety Bonds, to be retired over the next three years at 5 percent interest. These bonds are to pay back

POOL OPENS WITH IMPROVEMENTS

The Antioch Aqua Center opened on Memorial Day, Monday, May 28th. Large crowds of youngsters enjoyed the warm weather and the opening day festivities.

Many new improvements can be cited at the pool and they all seem to point to the fact that the Lions Club members have been pretty busy. The pool is now heated and can be enjoyed even in cooler weather. And the concession stand has been enlarged and will be housing popcorn, hamburgers, hot dogs, ice cream, potato chips, coffee, pop, and candy bars. The pool has also been repainted.

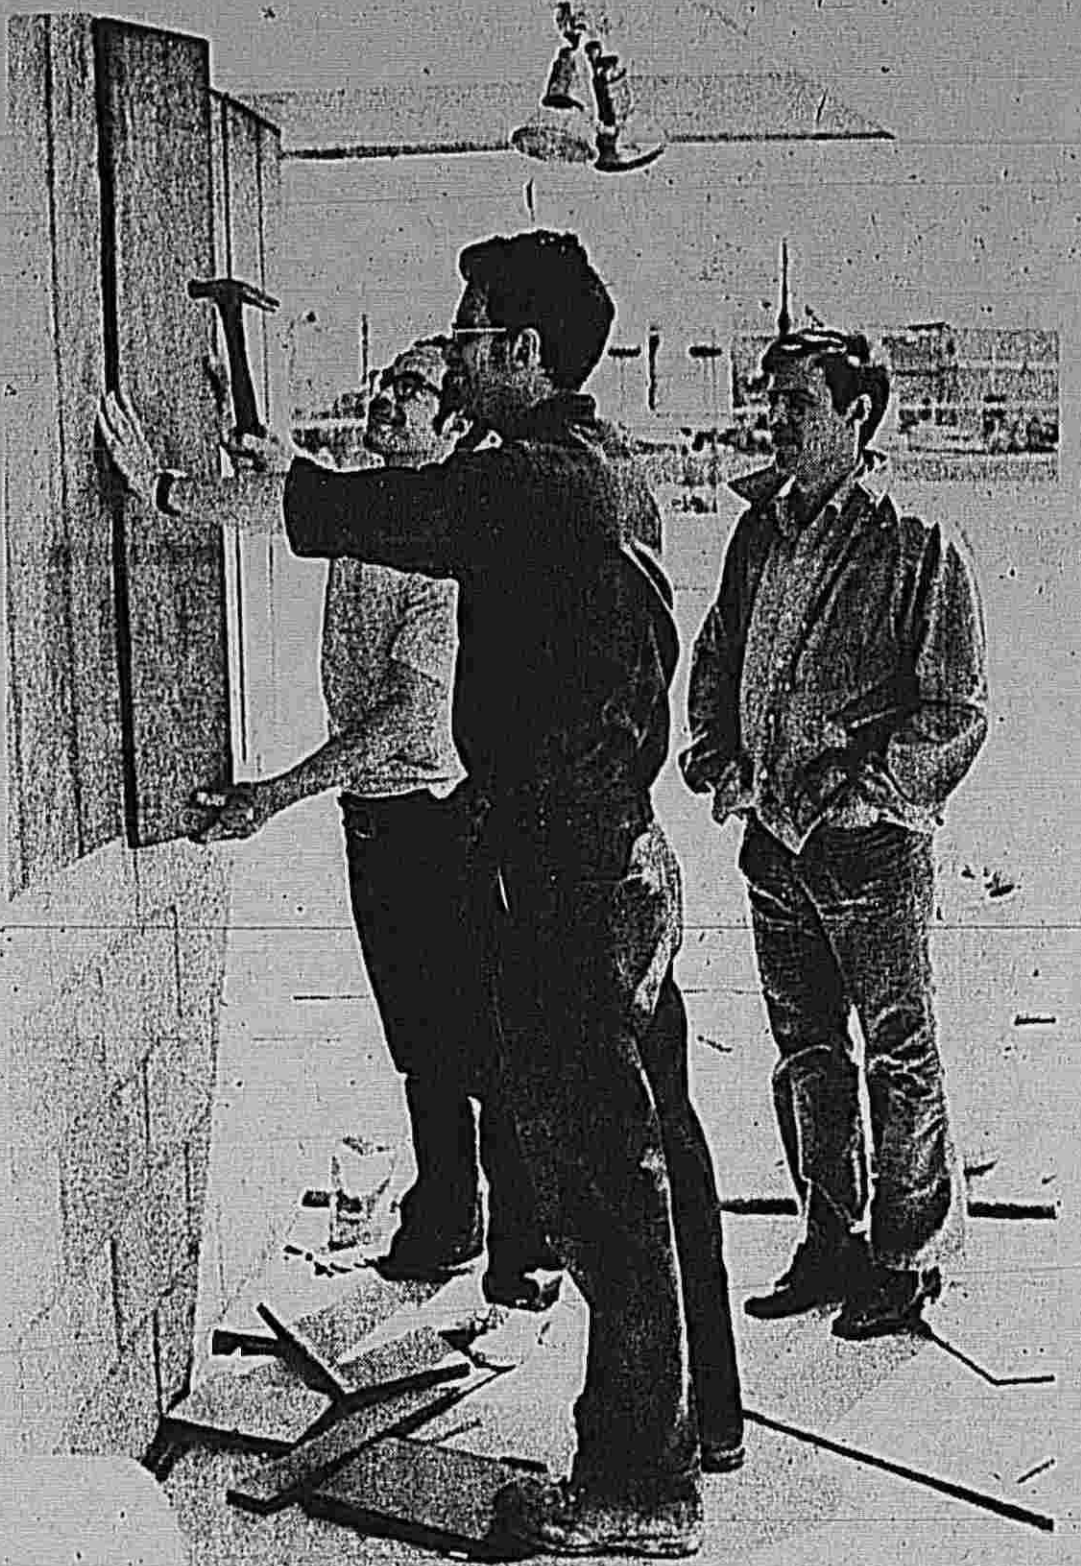

Mrs. Winnie Sorensen is in charge of the lifeguards again this year and the Red Cross approved swimming lessons. Marty Berry will be helping out with the swim team and Art Hawkins, who has been the pool manager for five years now, will resume his job again this year.

The center offers a special family and individual membership offer. Memberships purchased on or before May 31st will be family memberships which include parents and two children under 18 for \$25. Additional Children in the family \$3. Individual membership \$12.50.

Memberships purchased after May 31st will be as follows: Family membership \$30, Individual \$15. Memberships can be purchased at the First National Bank, The State Bank of

Antioch and Wilton's Electric. The pool will be open next

weekend and will open for the season beginning June 4th.

Finishing touches were put on the concession stand by: (l to r) Art Hawkins, Paul Eckert and Rod White, who is the president of the Lions Pool Board. The pool opened on Monday, May 28 with a free swim for everyone and was visited by a large crowd of area youngsters. (Staff Photo)

BEWARE OF SUMMER TRAGEDIES

Beware! Don't let this summer of '73 end in tragedy for yourself, your family or community. Summer is now in full swing with the passing of Memorial Day and the opening of the pool. The schools will soon close their doors and the children and teens of Antioch will begin their summer vacation.

It is important to remember that the kids are out and that speeding cars in a Village are a threat to their very safety. You never know when a child may run out into the street to retrieve a ball, etc. There will also be a greater number of bikes on the street than ever before that will have to be passed with caution.

There has already been a suspected drowning death in Antioch in the Fox River, and two others in Channel Lake this past weekend. How many more will die by the end of the summer? No one can answer that question, but it is really up to each of us to make that number a small one. Don't swim by yourself, always take a buddy. Don't swim in treacherous unmarked areas. Wait the traditional, old-fashioned hour before you go in for that afternoon dip.

Make sure your boat is equipped with safety devices including lights, horn and a sufficient supply of life preservers. Stay out of the water when the weather conditions are bad or the visibility poor.

Be careful not to leave pesticides in reach of small children. And be careful not to spray harmful pesticides on food or edible vegetation.

Slow down, take it easy and enjoy the summer months ahead. Make this summer a pleasant one for yourself, your family and your community.

RETIRED REV. ABBOT RICHARD FELIX, O.S.B. DIES

Abbot Richard Felix, O.S.B. was born on March 31, 1890, in St. Joseph, Mo., the son of Albert and Nora Felix.

He graduated from Conception Junior College in 1912, and on September 1 of the following year made his profession as a monk.

He received his seminary education at Conception College and St. Vincent's Abbey, Latrobe, Pa. On May 9, 1918, he was ordained to the priesthood by Most Rev. Maurice Burke, Bishop of St. Joseph, Mo.

After completing graduate school at Catholic University of America, he was appointed rector of Conception College, a post he held from 1920 to 1924 and again from 1928 to 1931. From 1924 until 1928 he served as pastor of St. Mary's Church in Maryville, Mo. In 1931 he became pastor of St. Joseph's Church in Pilot Grove, Mo.

It was while serving as pastor of St. Joseph's that Abbot Richard began his 15-minute radio broadcasts entitled "Highway to Heaven". His work in broadcasting led to his publishing of the well-known "why" pamphlets. He also wrote three catechisms and a book on the Apostles' Creed.

With money donated by radio listeners and readers of "WHY" Abbot Richard established a mission house and printing plant at Benet Lake with the permission of Abbot Stephen Schappler of Conception Abbey. The new mission, in the Archdiocese of Milwaukee, was established on March 21, 1945.

Moved by the God-centered enthusiasm of Abbot Richard, numerous men were inspired to join the growing Benedictine monastery. By 1952 the community had grown sufficiently to be raised to the status of an abbey. And on August 8th of that year Richard Felix was blessed the first abbot.

Abbot Richard's deep-seated belief in the necessity for home missions led to the founding of mission priories: in 1952 in Reading, Pa., in 1954 in Hingham, Mass., in 1955 at Pecos, N.M., and in 1957 in Atwater, Ohio. From 1959 to 1963 Abbot Richard turned his attention to the scarcity of priests and religious communities in Central and Latin America. During that period men were sent from Benet Lake to establish missions in Mexico, Costa Rica, El Salvador and Nicaragua.

It was most fitting that it was in the year of the founding of his last mission that Abbot Richard observed his 50th anniversary of profession.

Abbot Richard was also instrumental in establishing the

Missionary Sisters of St. Benedict at Benet Lake in August 1949.

On March 11, 1964, Abbot Richard laid down his burden of leadership. In the ensuing years he spent much time visiting fellow monks and others who had helped support his many efforts.

On May 8, 1968, Abbot Richard observed his golden anniversary of ordination, at Cristo Rey in Santa Fe, N.M.

Death came quietly to Abbot Richard in his sleep, at Our Lady of Guadalupe Abbey in Pecos, May 26, but before his

passing he was rewarded with the knowledge that much of his effort had borne fruit. The missions established in Hingham and Pecos became abbeys in January and March of this year, respectively. The community of Sisters became an independent Motherhouse in June 1968.

The pontifical liturgy of resurrection was offered on May 30 in St. Benedict's Abbey church. Abbot Andrew Garber, second abbot of the abbey, was the principal celebrant. Abbot Richard was laid to rest in the abbey's cemetery chapel.

DEar Editor:

Enclosed is a copy of the letter I wrote to my father for an essay contest in my Senior year of High School in 1970. My father wasn't supposed to know about it, but he accidentally found it and so he kept it. I never entered it into the contest because I just couldn't write it over, it wouldn't have been the same.

After three years my father has let me copy the letter so we can share it with others. I know you welcome others ideas, that is why I sent it to you.

Too many people feel an alcoholic is a person who "just isn't any good!". But alcoholics are sick people, and the disease affects everyone closely associated with the alcoholic unless they understand alcoholism. Maybe, the letter will help someone, if only a little, it's a start!

Thank You
Mrs. T. Baird

DEAR FATHER,

I am writing to you a letter that you will never read, and perhaps it is better that you do not for I am going to say the truth as I see it.

Dad, you are an alcoholic. Alcoholism is a serious illness, the highest disabler and killer after cancer and heart disease. Alcoholism is an individual reaction to stress, a curtain over guilt, fear and reality itself. It is easier for you to take a drink than to reach down inside yourself for the courage to face life. And Dad, you are emotionally, spiritually, morally and financially bankrupt. You never deliberately wanted to destroy other people. It may appear so, but in reality, you wish only to destroy yourself.

Alcoholism is a disease, not lack of courage to be helped.

Letters to the Editor on any current issues are welcome. Only letters with names can be considered for this column. Signatures will be withheld on request. Letters cannot be returned and are subject to minor editing.

But you can only be helped if you want to be helped.

What made you start, I do not know. Dependence on alcohol can start anytime in life, and anywhere. But alcohol is like taxes and death; it is a great leveler. Once you have the disease, it can only get worse. Alcoholism is progressive. You can arrest it, never cure it.

Dad, alcoholics have many things in common - they are full of self-pity, hostility, and resentment. Their frustration point is very low, which is an excuse to drink more. They don't believe in God, justice, mercy, or any of the virtues at all. "God" is an evil thing to them. I know these things because I've met some of your "friends".

Alcoholism is not physically hereditary, but the environment that fosters it is more dangerous than seems evident. Because already I see the scars forming in my younger sister.

I won't try anymore to pour your liquor down the drain, or hide the bottles, because I know you will just go out and get more. I think I understand you now. You don't want to be the way you are.

I will love and try to sympathize with you, or I will become agonized and ashamed of your behavior. But Dad, I will never try to run from myself! That is the one meaningful lesson I have learned from knowing you.

Your Daughter,
S.Z.

LAKE COUNTY SALON NO. 191

By: DEL JAHNEKE

The annual dinner party of the Lake County Salon No. 191, Illinois Eight and Forty, will be held on Wednesday, June 6th, at the beautiful new Tarney's Black Fox (Holiday Inn) Routes 45 and 83, Mundelein. Cocktails will be at 6:00 p.m., with dinner served at 7:00 p.m. There is a choice of three menus—roast

prime rib of beef au jus; roast spring chicken with spiced apple; and tenderloin tips of beef a la bourguignonne with buttered noodles. Members must send in their reservations with choice of menu to Mrs. William Franzen of Libertyville by June 1st.

Mrs. John Acklin of Dolton,

Illinois, Departemental Chapeau d'Illinois Eight and Forty will be the guest of honor. Lucille Acklin joined the American Legion Auxiliary in 1946, and has been an active member ever since, serving as Unit President in 1951-52. Mrs. Acklin went on to become Third District President in 1961-62. From then on, she has kept a busy schedule of service through Cook County Councils, including many state chairmanships. She has been elected Department Treasurer for the past three years, and has been a National Page, and Secretary of the 1972 national convention.

Her eligibility to the American Legion Auxiliary is two-fold. Her father, a World War I Veteran, is a 53 year charter member, and her husband, a World War II veteran, is a past

MRS. JOHN ACKLIN

commander. All her family are either legionnaires or Auxiliary members.

A Past Chapeau of South

Suburban Salon No. 80, Mrs. Acklin was elected Departemental Le Concierge in 1967, and has since progressed up the line to the high office Departemental Chapeau. Prior to her office as Departemental Le Concierge, she served as Departemental La Secretaire -- La Cassiere, and numerous state chairmanships. Mrs. Acklin will talk of the many state activities of the Eight and Forty in her speech.

Members are asked to dress in white, if at all possible. An election of Salon officers will be held.

Mrs. John L. Horan, Mrs. Edward Jahneke and Mrs. Ray Rathmann will be attending from Antioch.

American Legion Auxiliary

Mr. Ray Rathmann, Antioch, 2nd Division President; Mrs. Everett Ainsworth, Lake Forest 10th District President; Mrs. Norman Holt, North Chicago, District Vice President; and Mrs. Louis Thompson, Waukegan No. 281, District children and youth chairman; will be heading a large delegation of members from the 10th District American Legion Auxiliary to the 39th annual "Pilgrimage to Normal" on Sunday, June 3rd. Second Division Commander Rene Jackson, North Chicago; 10th District Commander William Franzen of Libertyville; and District children and youth chairman Robert Maxwell of Mundelein, will also be leading a large group of legionnaires to this same event.

The children and the cottages they live in at the Illinois Sailors and Soldiers Childrens' School (ISSCS) at Normal, Illinois, have been sponsored by the Illinois American Legion and the Auxiliary for over forty years. Each of the 25 districts in the state sponsor a cottage and the children who live there.

The "Pilgrimage to Normal" Day is eagerly anticipated with much pleasure by the ISSCS children and the legionnaires and Auxiliary members who go there. An informal picnic lunch with fried chicken, hamburgers, hot dogs, soda pop, etc. gives children and members a chance to eat together and get acquainted. As has been the custom for many years, Units, Posts, and Districts furnish everything in the way of food and drink for the picnic lunch. Another tradition is the presentation of gifts or gift for each child in the cottage. The new Activity Center will be open for all to tour. This is a spacious air-conditioned building for many of the children's needs during inclement weather.

During the program at 2:00 p.m., in the ISSCS Auditorium, the state American Legion and the Auxiliary will present gifts to the school. ISSCS children will entertain their audience with a short program. This will be followed by a parade in which Legion Units and vehicles will participate. Musical groups have been asked to come and perform in the parade and during the day at the various cottages. It is a day long remembered by young and old alike.

The 10th District American Legion and the Auxiliary have sponsored Harbord Cottage and the children there for many years. Through these years, some of the gifts given include clothes washer and drier; television set; lawn furniture; sport equipment; electric popper, etc., and always individual presents for the children whom the Units sponsor.

The William Dowdens of Antioch (Mrs. Dowden is the Antioch Unit children and youth chairman) have participated in

nearly all the many activities of this children and youth program.

MARIJUANA ARREST

Three Antioch youths were arrested on Thursday night for the possession of marijuana.

Two of the youths were juveniles and were treated as such, the third boy, Gale T. Bean, of Rte 4, Antioch was handled as an adult. This was on the recommendation of Assistant States Attorney, Norman Reese. It was also on Reese's recommendation that Bean be released on \$100.00 bond (10 percent of \$1,000) with the Court

date set for June 21, 1973 at 9:30 a.m.

Bean was also ticketed for improper parking. Officer Charles Miller spotted the boys parked in a van in the Village Parking lot. Upon approaching the vehicle he spotted the illegal substance and brought it and the boys to the Police station. A field test was run on the suspicious substance and it was proved to be marijuana.

Is your "whitening" toothpaste

sandpapering your teeth?

Recent studies have revealed that many of the "whitening" toothpastes have an abrasive, "sandpaper" action and may actually scratch and damage tooth enamel.

Now there's a toothpaste that both whitens and is gentle to teeth: T-LAK, the French dentifrice discovery. So gentle, it proved out least abrasive of 23 toothpastes tested in a recent study published in the Journal of the American Dental Association. So effective, it

actually helps remove stains and tartar (the gum damager that's one of the major causes of tooth loss).

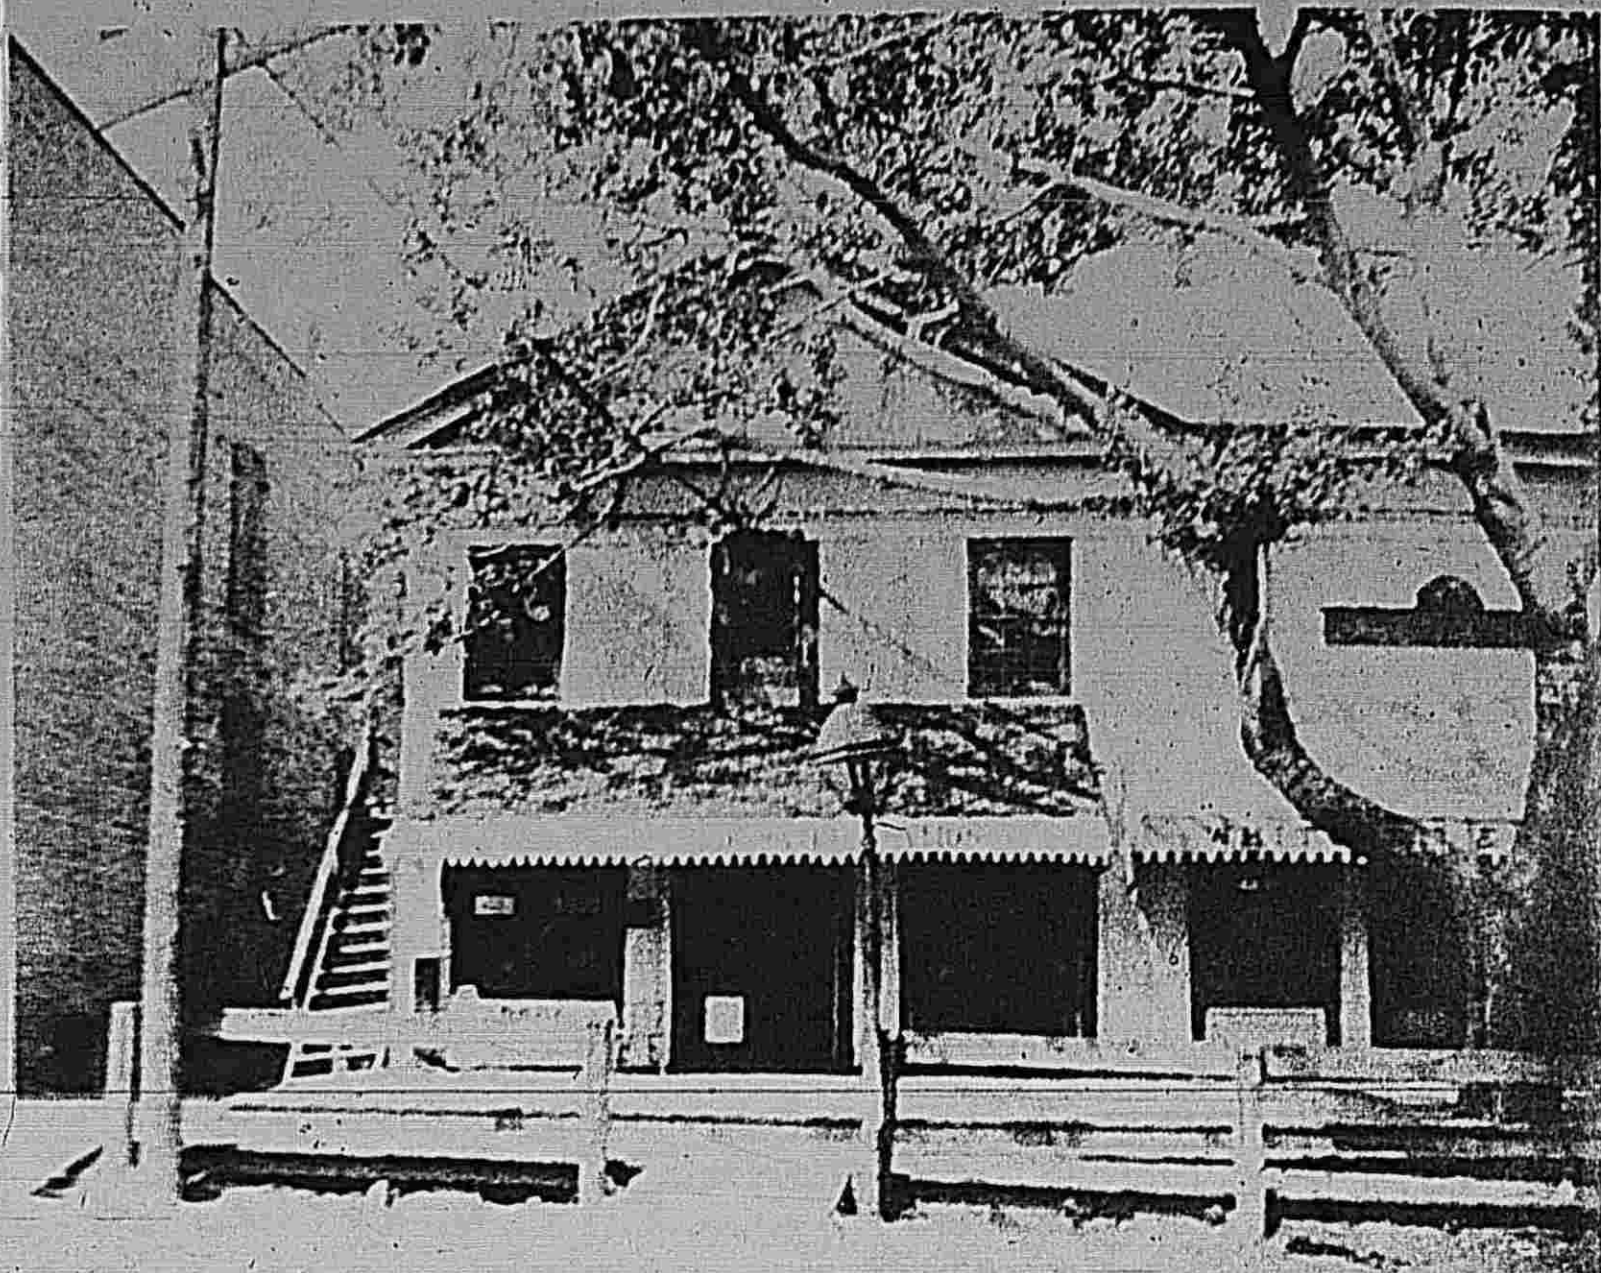

An unfancy, no-nonsense dentifrice, T-LAK contains no soda-pop breath sweeteners (they don't last anyway), no artificial foaming agents (they create illusions, not clean teeth), no gimmicks. Just pure, proven ingredients to help give you whiter teeth and help prevent enamel erosion.

Start protecting your teeth now with T-LAK.

REMEMBER WHEN

REMEMBER WHEN? We don't, but we know that all it takes sometimes is a little reminder to jerk a memory and bring back recollections of those days gone by. Each week we print an old photo submitted by an Antioch resident. Some we will be able to identify. For others, we leave it to you to search your own mental scrapbook. Call us if you can identify a photo. Better yet, if you have a memorable photo to share, bring it in to the office.

Along the Way with *Annie Mae*

It's a busy and exciting time for all the graduates - Congratulations to you all! Thursday evening the Antioch Upper Grade School 8th graders had their dinner-dance and understand it was a huge success.

Glad to see Edgar Simonsen is up and around after recent eye surgery. He is looking real chipper! Also Bob Bemis was out plowing his garden one month after surgery. Can't keep these good men down!

Got your closets cleaned out? June 8 is the date set for the St. Peter Rummage Sale. Open 9 to 9.

A reminder to all 5, 6, 7 and 8 graders the Antioch Summer Basketball Clinic will be held June 18-22 and June 25-29. Antioch Coaches Roger Andrews and Gary Allen will conduct the clinic at the Antioch High School.

Henry Srch has some admirers - Annie Mae received this note: Dear Annie Mae:

Would like to let you know of a very nice person and friendly fella, who is sick and his stay is in Victory Memorial Hospital.

He was hospitalized 3 weeks ago and undergoing all sorts of treatments. We wish him all the best and speedy recovery and get back home to his lovely wife. He and his wife are persons, that when you need a helping hand, there they are right there when you need them.

So we all send him our love and hope his stay in the hospital will be a pleasant one. His name is Henry J. Srch.

Thank You Kindly,
The Gang who love you both

Congratulations to Glen Amundsen and Sandi Stewart for being chosen outstanding boy and girl in the senior class - no two young people could be more deserving. Also, a beaming Robin Ellis was chosen "A" Queen - and the one who should know, chose her - Hugh Hefner!

Mr. and Mrs. Ted Hucker of Silver Springs, Arkansas, formerly of Antioch, have been visiting relatives and friends here in Waukegan this past week.

Anniversary wishes this week go to Janet and Bill Brook who celebrate on May 30th and to

SAVE THOSE COUPONS

The Women's Auxiliary of the Winthrop Harbor Volunteer Fire Department have set collecting 50 million coupons as their goal to aid in buying a new Fire Truck. They will be collecting Betty Crocker Coupons and all other household coupons. June 1, 1978 has been set as the completion date, but the women are hoping to complete the campaign just as soon as possible. You can help them to reach their goal by sending coupons directly to the Winthrop Harbor Volunteer Fire Department, 830 Sheridan Road, Winthrop Harbor, Illinois 60096.

Mr. and Mrs. Peter Zalatoris who celebrate on the 31st to finish out the month of May. June anniversary wishes go to Tom and Ursula Haley on the 1st and Dr. William Petty and his bride, Lillie, will celebrate 50 years on June 3. They will be celebrating with an Open House on Sunday from 2-5 p.m. at the Antioch United Methodist Church. And wishes No. 1 go to Kathy and David Kauss on the 3rd too. Congratulations everybody!!

Hope you had a wonderful holiday weekend in spite of the rain. Monday was at least nice enough for the swimming pool to officially open.

Remember to watch out for the kids now that school is about out - tell your own to follow safety rules and take that extra look

On my way,
Annie Mae

LINDBLAD ELECTED BY COUNTY SCHOOL GROUP

Robert Lindblad, President of the Antioch Community High School Board, was chosen as Executive Vice-President of the Lake County School Board Association at that group's annual Spring meeting, May 18th, in Grayslake.

The Association attempts to speak as a coordinated voice for all the school boards of Lake County on matter concerning educational policy and administration.

Other officers elected to the Executive Board are: Calvin Gwynne (District 68), President; W.R. Deatherage (District 46), Secretary; and Russell A. Vick (District 121) and Joseph Francis (District 127), Members-at-Large. Francis is the immediate past-president of the Association. In the near future, an additional 12 Directors will be appointed.

State Representative Donald Deuster spoke to the May 18th meeting, outlining the current status of legislation in Springfield which will affect the schools.

DR. A'S MINI-TALES

The Lonely Town

The houses of the old ghost town creaked and groaned sadly in the desert wind. They missed the good old days, when Happytown was filled with people - prospectors, dance hall girls, cowboys. Now everybody had left, and the old buildings were slowly falling apart. A helicopter flew by, and the houses got an idea. As the wind rose, boards and shingles and bricks toppled down into the street and spelled out the word: HELP. Soon the police were there to investigate. The houses were so excited. Real people were in town again. If only they would stay! The old Hotel shivered on its foundation, and its doors banged open and shut. The Doctor's House rattled old medicine bottles, and rotting reins jingled in the Livery Stable. The policemen stared. The town must be haunted! They flew off in their helicopter, and the houses sighed. But soon newspaper reporters came to the town, and the houses put on a real show.

Doors slammed. Bottles crashed. Shingles fell like rain. The reporters rushed off with the story. Soon the ghost town was famous, and tourists came from miles around. New roads were paved, and motels and restaurants opened up. The houses creaked and groaned contentedly for the people who came on guided tours through the town. For them it was really Happytown again.

THINGS YOU MAY NOT KNOW ABOUT CONSERVING ELECTRICITY.

Heating water without waste.

A leaky faucet can do more than keep you awake nights. It can cost you money. Drop by drop, 650 gallons can go down the drain in a year. If it's hot water, each drop adds to your water-heating expense.

You can fix many leaky faucets yourself. If it's leaking from the

spout, the problem is often a faulty washer that can be replaced. A few minutes and a little work can save you more than sleep.

Also, you can cut back on hot water. In your automatic washer, for example, permanent press items need only warm water.

And lightly soiled clothes can sometimes be cleaned on a cold-water setting.

Water heating is just one place where you can eliminate wasted energy. We've compiled hints on this and other areas into our booklet "101 Ways to Conserve Electricity at Home." For your free copy, write Commonwealth Edison, Department AV, P.O. Box 767, Chicago, Illinois 60690.

SCOUTS BUILD OWN TRAILER

Boy Scout Troup No. 80 of Grass Lake purchased a double snowmobile trailer from Smith's Marina in order to build themselves a trailer for all their gear.

With donations from the State Bank of Antioch, First National Bank and Smith's Marina the boys were able to buy lumber

and materials to make a frame and cover the trailer with canvass. It is now equipped to hold all of their cooking utensils, overnight gear, etc. for their camp-outs. It took them about six months to complete their project.

The men who worked with the

boys would like to thank the State Bank of Antioch, the First National Bank of Antioch and Smith's Marina for making this trailer possible for the Scout Troup. Also, a special thanks to Mr. Nohava for all his help designing and building this trailer.

ANTIOCH CHAMBER OF COMMERCE

& INDUSTRY HONORS BARBARA OWEN

The Antioch Chamber of Commerce & Industry at its Board meeting held May 21, 1973 at Lorenz's Smart Country House honored Barbara Owen, retiring secretary.

Her husband has accepted a job with Amtrack in Washington, D.C. and she will be moving

to Springfield, Virginia on June 1, 1973.

President, Julian Dziki presented Barb with a clock inscribed as follows, "in appreciation of your outstanding service, 1971-73, the Antioch Chamber of Commerce and Industry."

First Plan Commission Meeting cont.

has really been hung up, because we have had nothing to work with."

Don Amundsen told the Commission it had been his opinion at a past meeting that Joe Hertlein said the bulk of the plans would be ready by this fall.

It was then decided that a special meeting with Joe Hertlein was more than necessary. The date for the meeting was set for June 7th at 7:30 p.m.

There will be several other points of interest on the agenda at the June 7th meeting as the newly drawn up Planned Development Ordinance will be reviewed and the 15 members who drew up the Housing Policy that was adopted by the six district schools will be present. These representatives asked especially to talk to the Commission concerning the housing policy, that had already

been submitted to them.

Mayor Robert Wilton was present at the meeting and expressed his hopes to the Commission that they will work closely with the Zoning Board of Appeals as well as the Village Board. He commented that he hope the newly formed Liason Committee, which is composed of two members from each group, will help them to achieve this goal.

RUMMAGE SALE

St. Peter's 14th Annual Rummage Sale will be held Friday, June 8th, according to Co-Chairmen Margaret Belongia and Mary Morgan. The hours will be 9 a.m. to 9 p.m. It will be held in the Church Hall on Route 59 and 173. There is ample parking for all. Everyone is welcome.

TWO CHILDREN DROWN IN CHANNEL LAKE

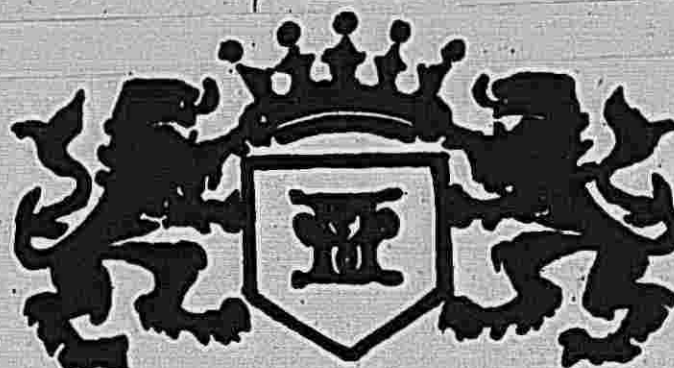

Robert Favia, Jr., age 3, and his sister Carol, 5, both of Romeoville, Illinois, drowned as the result of a holiday boating mishap on Channel Lake, off shore from Shannon Park, on Monday, May 28th.

According to County Coroner Oscar Lind, the children were in a boat with their parents, Robert Favia, Sr., and Judith

Favia, heading toward shore. At about 12:45 p.m., their boat was swamped by the wake of a larger boat and capsized, trapping the children underneath. They were rushed to the Antioch Clinic, where they were pronounced dead on arrival by Dr. John Lorang at 1:44. The children's deaths bring the Lake County drowning toll for this year to eight.

ST. THERESE TO HOLD SECOND VARIETY SHOW — BY POPULAR DEMAND

Residents of the north and northwest suburban area, particularly in the Waukegan locale and Lake County, will have a second opportunity to participate in a variety revue produced by St. Therese Hospital, it was announced today.

All they have to bring is their talent.

According to Sister Maryann, hospital administrator, such was the success of the first show last December (it raised over \$4,000 toward construction of a helicopter landing pad-St. Therese had been designated Trauma Center for Lake County) that many people have inquired about the possibility of having another.

She indicates auditions will probably begin in June and will be held on Saturdays. A group of experienced judges will work with all individuals or groups that wish to tryout. All acts will be given an equal opportunity as long as they are rehearsed. There is no specific age limitation but the act must supply its own musical accompaniment (pianist, instruments or recorded musical background). The hospital does have a piano which can be used, as well as an organ.

Prospective talent can obtain more information and-or audition forms by calling the St. Therese Hospital Public Relations office (688-2804 or 688-2603) Tuesday, Thursdays or Saturdays or by writing.

Proceeds from the show will

be utilized for some worthwhile charitable purpose that ties into betterment of the community,

according to Sister Maryann. The actual show will take place in the fall.

A BLOOMING CHESTNUT TREE

Doc Jensen has a "Blooming Chestnut Tree" in his back yard at 1185 Main Street. This does not mean that Mr. Jensen has an "Irish" Chestnut tree in his backyard, rather it means that his tree is full of large white flowers (i.e. Chestnut Blooms). These Chestnut Blooms are rarely seen, and it is a shame because, as Doc Jensen will affirm, they are really beautiful. The large tree is in full bloom this year and has sent an intoxicating aroma around the

yard. There are several small Chestnut trees in the Jensen's backyard too. Doc Jensen happily pointed out that these trees were planted by some friendly neighborhood squirrels. There are also 30 other varieties of trees in the yard. This fall, when the blooms have been long gone, the chestnuts will begin to fall. Doc fondly remembers using them in his sling shot as a boy.

The Lienhardt's have another child, Christopher, 4½. Chris is mighty thrilled with his new sister and can't wait for her to be awake.

WONDER WEIGHT CLASSES BEGIN

Most of us would like to be a shadow of our present self, but everywhere we go calories are eagerly waiting for us. How can we fight these beastly calories? Easy, Join Wonder Weight Losers of Illinois.

On Tuesday, June 4, Mrs. Connie DeStefano of Elmhurst will conduct the class. She has lost 110 pounds through the Wonder Weight program. On her wedding day Mrs. DeStefano squeezed herself into a size 40 wedding gown. Today she is

wearing a size 14 or 16 dress depending on the style and is still losing.

The Wonder Weight classes are held every Tuesday morning and evening at the First United Methodist Church, in the Peppermint School section of the building, 848 Main Street, Antioch. The morning class begins at 9:30 a.m. and the evening class at 7:30 p.m. All are invited to come and see Mrs. DeStefano and hear her remarkable story.

PETTYS CELEBRATE GOLDEN ANNIVERSARY

Dr. and Mrs. William Petty will be celebrating their fiftieth wedding anniversary with an Open House on Sunday June 3, at the Antioch Methodist Church on Main Street in Antioch, from 2:00 to 5:00 p.m.

They will not be sending out invitations for the event, but are hoping to greet all of their many friends and relatives. The Pettys have requested that friends do not bring gifts.

The Petty's three sons - Frank of California, Dr. David of Wisconsin and Bill of Antioch and their wives and children will be present. Their nephew Paul Richey and his wife from New York, Mrs. Petty's brother John Murphy, and his wife, who are from Florida, and Mrs. Petty's 92 year old aunt Susie

Ewin of Villa Grove, Illinois will be on hand to help the Pettys celebrate this festive occasion.

Mrs. Petty was born in Douglas County, Illinois and Dr. Petty was born in Richmond County, Illinois. They met in 1921, when they were both teaching at Murdock, Illinois. Two years later they were married on Sunday, June 3rd at 3:00 p.m. at Mrs. Petty's home in Fairland, Illinois.

The Pettys have spent all of their married life in Lake County. Their first three years were spent in Grayslake, where Dr. Petty was principal of the Elementary School and Mrs. Petty taught for one year. The last 47 years the Pettys have spent in Antioch. Dr. Petty was Superintendent of the Grade School for 5 years, and he was the Lake County Superintendent of Schools for 40 years. He retired on August 1, 1971.

"All and all it has been a busy, a happy and an eventful fifty years", said Mrs. Petty.

SOCIAL SECURITY REPRESENTATIVE AT FIRST NATIONAL BANK

A social security representative will be at the First National Bank of Antioch, 484 Lake Street, from 9:00 a.m. till noon on Monday, June 4th. The social security representative will be available to answer questions, accept applications for monthly benefits and help people with medicare payment problems.

Local residents can speed up the processing of their claims for social security monthly benefits and medicare protection. Most delays in the processing of social security applications occur because

people do not have the necessary information and documents. A birth certificate, or other proof of the applicants age, is required in almost every case. A man or woman filing an application on the social security work record of a spouse will have to prove they were married and will also need, if the spouse is deceased, the spouse's death certificate. The worker's social security number is required in every case; so is the social security number of everyone filing to receive benefits. Another important document is the worker's 1972 W-2 form.

THANK YOU ANTIOCH

The Committee for the Eighth Annual Cotillion Dinner Dance has completed its financial report and is eager to share the good news with the community and friends of the Mental Health Association. This year the Cotillion Dinner Dance netted \$2,633.11 in profits. A check for this amount will be presented to the Antioch Mental Health Association.

Last year money raised by the Cotillion was donated to Grove School in Lake Forest to help finance their new residential center for severely handicapped children. Ground has been broken and the center is soon to be a reality. The Mental Health Association has chosen the physical therapy room in the Center as their special project. Proceeds from the 1973 Cotillion will help furnish this room with much needed equipment.

This marvelous undertaking could not have been achieved without the help and support of the community. The Cotillion committee along with the Antioch Mental Health Association sincerely thanks each one of you for your support in this effort.

Please feel welcome to visit Grove School and observe the dedication of the staff as they work with these very special children. It would be a very rewarding experience to actually see what your support of the Mental Health Cotillion has helped accomplish.

AFTER FIRE CLEANING

This seems to be the month for fires around Antioch, we've had three customers bring in clothing, bedding, etc. for smoke cleaning. First of all it's a terrible thing to go thru so my sympathies are available to anyone who has a fire, no matter how small, in their home. Smoke does an unbelievable amount of damage - much of it irreversible as far as garment cleaning is concerned. Most items, after being chemically cleaned with a deodorized, are usable. But there are always exceptions. Rubber or vinyl garments hold the odor - anything containing foam, and also fiber glass will not respond to the cleaning. So there will be some loss. Thank goodness for insurance, that's what you have it for.

PM&L'S PAISLEY CONVERTIBLE OPENS JUNE 9

WOLCZAK — PETERSEN ENGAGEMENT TOLD

Mr. and Mrs. Edwin Wolczak of Morton Grove, Illinois announce the engagement of their daughter, Linda Ann, to Mr. Richard Petersen of 603 Alima Terrace, Antioch. Linda graduated from Western Illinois University in 1971 and is presently teaching 1st grade in Neponset, Illinois. After her marriage she will

teach 1st grade in Fox Lake. Richard, a 1972 graduate of Western Illinois University is presently employed by the Safety Commission in Waukegan. The young couple have set August 18th as their wedding date. After their marriage they will make their home in Antioch.

Auntie Harriet, advisor to young newlyweds, has been receiving some interesting queries of late. Here's one from a "Worried" Charlie Rodgers: "Dear Auntie, I was just sitting on our paisley convertible in our one-room apartment. Just sitting there with Sylvia. She did look pretty good too -- had on one of those chic, expensive outfits of hers. Well, my wife Amy comes in. She's one of those suspicious types and she's really putting on the pressure now to find out if something's going on between me and Sylvia. What should I do?" And Here's Auntie's reply: "Dear 'Worried,' I'm confused. How did you get a convertible into a one-room apartment? Did you have a parking problem?" From "Impatient" Charlie: "It's a bed. The paisley convertible is a sofa that

converts to a bed. Do you have any idea what can happen in a bed?" From Auntie: "I hate to reveal secrets, 'Impatient,' but I received a letter from your adorable wife. She's worried that you think something has gone on between her and a guy named Ralph. Those nude sketches of musclemans Ralph were seen by you. Right? And they were painted by Amy. Right? Now your dear auntie does not know all that has happened, but she does know what can happen in a bed, thank you." From "Angry" Charlie: "Those sketches are practically obscene! That Ralph character is almost as good-looking as me. So why shouldn't I have some suspicions?" And lastly from Auntie: "You have a pleasant surprise to look

forward to, 'Angry.' Your mother-in-law, Meg, will arrive soon to check out the paisley convertible. I'm sure she will solve all of your problems." Sound like fun? The PAISLEY CONVERTIBLE is good fun. It's a three-act comedy; it's PM&L's final production of the season; and it's due to open Saturday, June 9, with curtain time at 8:30. Dick Dyer of Antioch plays Charlie. Donna Mascari from McHenry is Amy. Pam Hill of Antioch is Sylvia. Lillian Allen from Trevor is Meg. And Lou Jones from Round Lake is Ralph. If you can't attend opening night, see this lighthearted show June 15, 16, 22, or 23. When you call for reservations (phone 395-9702) say that Auntie Harriet sent you.

By: Taffy Engelhardt

THANK YOU TAFFY

The Antioch News wishes to express thanks to Taffy Engelhardt, who has written the high school column so faithfully and diligently this year. (Her article for this week on the Honors Assembly is contained in the feature story on Page 4.)

As the school year comes to a close, Taffy writes, "Since this will be my last column this year, I'd like to express my appreciation to Mr. Rush for

giving me room in his paper and Mr. Chandler for helping me and supplying articles when needed.

I received much co-operation from everyone and enjoyed doing it. This column was a substitute for the Tom-Tom, our school newspaper, this year. I hope next year it will be a supplement. Thanks to everyone who has helped me. Have a nice vacation!"

PISCES (Feb. 19-March 20): Excellent period for shopping, pursuing social or recreational activities. You owe yourself a break from routine. Someone could pay you a surprise compliment that will please you very much. Don't underestimate your own abilities. Best days: Tuesday, Wednesday.

STUDENTS RECEIVE SCIENCE AWARDS

Science Awards were given to students who have given extra time for the improvement of the High School Science Courses. Some students helped prepare materials for laboratory experiments. This permitted all students to have additional laboratory work. Some students worked on science projects. Other students helped teachers with clerical jobs so the

teachers could spend more time teaching. Without the help of these students Antioch High could not have such a fine science program.

The students are: Barb Orbank; Nancy Prather; Judith Vendl-1st Period. Andre Aufrere; Ray Baczynski; Robert Blanchette; David Edwards; Nancy Howard;

Wendy Laursen-2nd Period. Linda Borak; Denise Carlson; Sherrie Fowel-3rd Period. Penny Anderson; Joanne Lubkeman; David Nystrom; Vicky Plotz; Chris Wix; Pat Ronan; Jeff Gokey-4th Period. Randall Schulmeister; Lesslie Shaffer; Pam Simon; Phil Toal-5th Period. Jackie Dodge; Chuck Herman; Josephine Meyer; David Severson-6th Period.

Watergate - Make a Date Part I

Well, well, our President has really got a swell bunch in his cabinet, hasn't he? Looks like replacements are just about done.

And what about the President? Did he not make things "perfectly clear" earlier that it was he alone who ran his reelection committee. Is he now unclearing this statement? I hope so for our country, but if, not remember the old saying, "Impeachment, but impeachment with honor!"

God Bless You!
Ken Boucos

Watergate - Make a Date Part I

Will we not have amnesty for those involved in the "water-

gate affair?" Did they not believe in their own hearts and minds that they were following the beliefs of someone higher than themselves and that in "His" great wisdom it was correct.

Must these men be punished for the rest of their lives? They were following a belief and we should forgive them and perhaps praise them for following those beliefs even though it was against the rules of our government.

After-all they never even visited Toronto.

God Bless You!
Ken Boucos

Know How or Know Who - For Success

As many of the Seniors are thinking about their future, we wonder if going to college will be the answer to a successful

livelihood. If possibly your father or relation owns a business, you can either work for a college education, and possibly get an average job, or get good money without using your full potential. If you do decide to go this route you could be happy with the money; but as far as the challenge of getting anything out of it is concerned, this is almost rill. To work for a goal in life is rewarding, but to be given breaks after breaks in life is seldom good for the ego. To be given everything on a "Silver Platter" can be dangerous, for it it happens often enough, you'll be thinking everything you strive for comes easy. To put it tritely, know-how is a step on the ladder of success, but know-who is an elevator!

Christian Science

Jesus proved the infinite provision of God for his children, when he fed the multitude in the desert with the five loaves and two fishes, as recorded in Matthew 14. This is brought out in the Lesson-Sermon on "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced" at Churches of Christ, Scientist, this Sunday.

From Science and Health with Key to the Scriptures by Mary Baker Eddy this citation will be read: "Neither animal magnetism nor hypnotism enters into the practice of Christian Science, in which truth cannot be reversed, but the reverse of error is true. In divine Science, where prayers

FAITH EV. LUTHRAN CHURCH DEDICATES NEW FACILITIES

On Sunday, June 3, the members and friends of Faith Ev. Lutheran Church in Antioch, will observe a special day of thanksgiving as they dedicate their new school addition and expansion of their church facilities.

The new school building includes four completed classrooms presently in use, office facilities for the faculty and the school and church administration, and a gymnasium. The second level of the building will remain unfinished until additional classroom space is needed. Eventually it will be able to accommodate three additional classrooms and a library. In the meantime the congregation will use the area for Sunday School and other educational programs.

The addition to the church provides a new entry and cloakroom and doubles the seating capacity for services. The Roy Nordstrom Construction Company erected the

building, but the congregation did most of the finish work through the voluntary help of the membership.

Faith Ev. Lutheran Church began its Christian Day school in 1970, using the basement of the church for classroom space. At the present 75 children are enrolled in the eight grades and kindergarten. Mr. Lloyd Tiegs is the principal. Other members of the faculty are Miss Doris Vohs, Mrs. Bonnie Thurov, and Mrs. Natalie Tiegs.

The Dedication Day observances on June 3 will include three worship services, at 8:00 a.m., 10:30 a.m., and 2:30 p.m. The guest speakers at the three services will be the three pastors who have previously served the congregation - The Rev. Rudolph Otto, Marathon, Wisconsin; the Rev. Marvin Otterstatter, Milwaukee, Wisconsin; and the Rev. David Ponath, North St. Paul, Minnesota.

CLC SUMMER SESSION BEGINS JUNE 11

CLC offers over 160 courses during the 1973 summer session. Highlighting the offerings is Field Biology which consists of a 3-week field trip to the Grand Canyon, Bryce Canyon, and Zion national parks regions of southern Utah and northern Arizona.

Summer session classes begin on June 11 and continue through August 3. Registration for either daytime or evening classes will be held at the college in the Learning Resource Center, building 2, on Wednesday, June 6, and Thursday, June 7. Students may register during the day from 9 a.m. to 4 p.m. or during the evening from 6 p.m. to 9 p.m., completing advisement and registration in a single session.

For additional information on how, when, and where to register for the summer session, interested individuals should call the College of Lake County admissions office, 223-8193, extension 10.

"Hindsight's Better Than Foresight"

by: Rev. Eugene Keusal

In a Village the size of Antioch, as in many of the towns, villages and suburbs of our nation, the holiday parades can't be missed. They march down the main street, hold up traffic and make the fast paced citizen stop - since we have no choice - and think of what is being celebrated.

Memorial Day is one of these parade days. As Americans we live in one of the most unique countries of all time. We are the most advanced, most powerful, wealthiest nation to have existed in the history of mankind. Those of us who enjoy everything our country has to offer should never forget the price that our forefathers had to pay. The toil, work, hours, the pain - but most of all the lives that have made our country all that it is.

On Memorial Day we pay honor to those who have gone before us. We pray that we might be able to leave those who follow us as much as we have received.

The dead in our cemeteries are also a constant reminder to us of the verse I once read. It goes this way:

"Remember man that passes by
as thou art now, so once was I.
And as I am, so thou must be
prepare thyself, to follow me."

"UNDER PRESSURE? THERE'S A WAY OUT."

LEGAL

LEGAL NOTICE

Notice is hereby given that the Stockholders of the State Bank of Antioch, Illinois, have adopted and passed changes as stated in the following resolution.

Resolved that the charter of the bank be amended by increasing the Capital Stock of the bank from \$280,000.00 consisting of 28000 shares at \$10.00 par to \$620,000.00 consisting of 62000 shares at \$10.00 par.

Further resolve that to provide and make payment for such increase in the Capital Stock the Board of Directors are authorized and directed:

(a) To transfer \$280,000.00 from the "Undivided Profits Account" to the "Capital Account".

(b) To declare a stock dividend of \$280,000.00 par value of Capital Stock (being an aggregate of 28000 shares) now outstanding, such dividend being a 100 percent stock dividend.

(c) Set distribution date for stock dividend on March 1, 1973 and on the distribution date so fixed to cause the certificate evidencing such stock dividend to be issued and distributed pro rata to stockholders of record on January 9, 1973.

(d) To offer 6000 shares of Capital Stock at \$10.00 par to all stockholders of record on January 9, 1973 on the basis of one share for each ten shares now held by each Stockholder after the Stock Dividend. These shares to be sold at a price of \$35.00 per share for a total of \$210,000.00, of this amount \$60,000.00 shall be retained in the "Capital Stock Account" and \$150,000.00 shall be transferred to the "Undivided Profits Account". No fractional shares to be issued, any fractional shares to be pooled and sold at the discretion of the Board of Directors.

The above action was taken at a regular Stockholders Meeting held at the State Bank Building at 440 Lake Street, Antioch, Illinois on January 10, 1973 and I certify that the above action was taken and was in accordance with the "Illinois Banking Act" approved May 11, 1955 in force January 1, 1957 as amended by the General Assembly of the State of Illinois.

money borrowed from other school funds for work already completed to bring the school building up to fire and safety code standards.

There was some discussion of the Housing Policy being developed by the area school boards, prompted by the recent announcement of a new development planned in Lindenhurst. During the coming months, representatives of the area school boards will be meeting with officials of the various local governmental unities to discuss the Housing Policy with them.

It was announced that the majority of school districts in

Lake County have decided that the Special Education District of Lake County (S.E.D.O.L.) will become a separate body, no longer administered by the Libertyville district. It was pointed out that S.E.D.O.L. does not have taxing power, but receives funds and facilities from each cooperating school district. The Board voted approval of a tentative budget to finance operations of S.E.D.O.L. until a permanent budget can be approved.

In other business, the Board: --agreed to rent a part of the school building to the Chamber of Commerce -- in case of rain only -- for the Art Fair planned for July 21.

--re-appointed Betty Sutcliffe as School Treasurer.

--re-appointed Ted Larson as School Attorney.

--heard a report from Art Blecke, Director of Faculty and Student Affairs, on the reasons for denying a student petition for a smoking area in the school. A full explanation of the school's policy is being sent to all parents.

--informally voiced support for the school's administrators to use their own judgment in dealing with non-student teenagers trespassing on school property. Board members said that they would endorse whatever action is necessary, even to the extent of calling in police to arrest trespassers who cause trouble.

--approved membership in the Illinois High School Association for the 1973-74 school year at a cost of \$25.

STATISTICS
REVEALED
ON HIGH
SCHOOL TAXES

John L. Smith, Business Manager of the Antioch Community High School, has released statistics concerning the Assessed Valuation and education tax rates of the school district (No. 117). These statistics are based upon information supplied by the State Office of the Superintendent of Public Instruction.

For the current school year (1972-73), there were 162 high school districts in the State of Illinois. Antioch Community High School ranks 103 out of 162 in Assessed Valuation per pupil at \$62,202. The range throughout the State is from \$265,478 per pupil down to \$26,704 per pupil.

Antioch Community High School ranks 92 out of 162 in education tax rates at \$.92/\$100 Assessed Valuation. The state-wide range is from \$1.91/\$100 Assessed Valuation down to \$.6193/\$100 Assessed Valuation. The above figures are based on 1971 Assessed Valuations and 1972 tax rates.

Smith also revealed that the 1972 Assessed Valuation for the district (on which this year's tax rate will be computed) is estimated at about \$79.1 million, representing an increase from the preceding year of over \$3.3 million or 4.4 percent. According to Smith, this is the largest increase in the past 7 or 8 years. The new education tax rate (after last December's successful referendum) will be \$1.32/\$100 Assessed Valuation. Thus, local property taxes should yield slightly more than \$1 million toward the operation of the high school during the coming school year.

Smith's office and the High School Board are in the early stages of budget preparation for the '73-'74 school year. It is hoped to have the proposed budget ready for public discussion in about a month-and-a-half.

KOENIG ATTENDS
ABA NATIONAL
MORTGAGE
CONFERENCE

Richard J. Koenig, Asst. Cashier, First National Bank of Antioch and Mrs. Koenig, have just returned from the American Bankers Association's 13th National Mortgage Conference at the St. Francis Hotel in San Francisco, May 6-9.

Some 700 bankers and their wives attended the conference, which explored the broadening opportunities for banks in tomorrow's mortgage market and the commercial banking industry's expanding role in real estate financing.

Total bank mortgage portfolios increased from \$49.7 billion to \$82.5 billion between 1965 and 1972. Residential mortgages accounted for more than \$30 billion of this increase.

Panel discussions during the conference covered such topics as new opportunities from secondary markets, the "how to" of dealing with a bad construction loan and new vistas for construction lenders.

Keynote speaker for the conference was James T. Lynn, secretary of the U.S. Department of Housing and Urban Development (HUD).

The ABA is the national association of the banking industry. Its membership totals more than 13,000 banks -- nearly 97 percent of the nation's total.

CHICAGO TRIBUNE

With a Stern Eye

The County Board's reorganization meeting on May 22nd—the one called specifically to adopt new rules of procedure and to appoint new committees—was either a Siberian stand-off, or else it was one of the neatest tactical maneuvers these jaded old eyes have seen. As the dust settles I am coming to believe it was the latter, carried off with an unsuspected flair.

Since my election, an occasion which was surely an unwelcome shock to most of the Board, I have been treated with singular generosity by the Chairman in his appointment of the committee which oversees my budgetary requests. The Taxation and Elections Committee has been chaired by my old comrade from Deerfield Township, Sam Smith; Mike Graham has been Vice chairman and the other three have been friendly Democratic faces. Thus it was with a sense of "now it comes" that I listened to the rumors about the impending decimation of the T & E Committee.

If you read the front pages as well as the back, you must be aware that Smith and Graham have been in the forefront of the fight to force a court of law to examine the Waukegan annexation of Lakehurst. They have been gutsy, dogged, outspoken and absolutely relentless. Although the rest of the Board, the State's Attorney and the City of Waukegan have tried to avert their eyes from this mushrooming cloud of suspicion, the tenacity of these Board members has kept the subject alive and well. The handwriting on the wall was clear: the committee was doomed.

I was apprehensive for my friends as I arrived in the Board room that morning, but I was also concerned about how the fall-out would effect our office. Who would be our new committee? Would they be as concerned about our proposed micro-film plans, about our problems with precinct division etc.? Was the honeymoon over for us?

The proposed new Rules had been circulated a few days before and they eliminated a

Taxation and Elections Committee altogether. The Treasurer's office was assigned to the Finance Committee (not unreasonably), along with Delinquent Tax; our office and such other former responsibilities of T & E as Recorder of Deeds, Supervisor of Assessments and the Map Department, were assigned to a new Committee known as Property and Records. I felt our inclusion under this committee, which would be preoccupied with Building and Zoning matters, was bizarre and irrational. However it was always possible that Chairman Coles would not be able to muster enough votes to gain approval of the punitive new plan. I could only watch and wait.

First shot out of the gun was a legal opinion offered by Board Attorney, Bill Marlatt, which stated that the new rules were not, in fact, new rules at all, but were revisions of the old rules. As such, they would require a 2-3 vote of the Board in order to be accepted. This seemed to be a crushing blow to the Chairman, and it began to appear that the danger to the Taxation and Elections Committee would pass; although I didn't know how many votes either side had, it seemed absolutely clear that neither would be able to muster a 2-3 majority.

When Sam Smith and Janet Morrison began trying to knock down the Marlatt opinion I couldn't understand what was happening. Was everything backward of what it seemed? Why were they appealing against a decision which could only help their cause? And the other side, Coles' faction, was serene and unruffled. The answer to that confusion has not yet emerged, but Smith lost his appeal in any case, and the Chair ruled that a 2-3 vote would be required to pass the Rules. Coles indicated this was a disaster for him as well, and at the time I accepted that, but since then—

The meeting hurried on to a vote on George Bell's motion to accept the new Rules. There were 13 ayes, 12 nays—a majority, but not 2-3. The motion was defeated. Chairman Coles immediately drew out a list of committee assignments and began to read them; included was the Taxation and Elections Committee.

Ah, I said to myself, veteran of so many of these wars, he had a 'contingency' list handy just in case he lost the Rules fight. Stan Pekol was the new chairman of T & E and Sam Smith, vice chairman. Mike Graham was winnowed out and put on Health, Education and Welfare; the remaining three Tersar, Ogrin and Berliant were scattered. The newly drawn T & E committee is by no

means a calamity for the County Clerk; on the contrary it is made up of many friends. But what were we actually watching that tense Tuesday? Live drama or stylized charade?

I now know that Attorney Marlatt gave his news about the 2-3 vote to the Rules Committee at least one day ahead of the meeting Tuesday; they knew they couldn't pass the new Rules when they entered the Board room. Had the Smith-Graham forces been disarmed by the apparent defeat of the administration's Rules? Were they lulled into a sense of having won half a loaf by the thought that the committee would remain, even though the personnel changed? Whose Machiavellian hand designed the strategy—if that is what it was?

You've got me.....

The Lake-County-Forest Preserve District is going to participate in the County Government Week Open House - June 4-8. President Frank Peers hands a bunch of pine seedling trees to Bertha Ogrin, Open House Chairman. The District will distribute 2,500 seedlings to visitors to its fifth floor offices in the Lake County Administration tower. Visitors will also see the first display of Winter photo contest winners, several conservation films will also be shown.

FILE SOON FOR DISASTER LOANS

More than \$3.3 million in disaster loan applications have been filed with the Small Business Administration in Illinois in connection with recent flooding, Robert A. Dwyer, the SBA's Midwestern Regional Director, announced today.

The announcement came during a news conference here in the National Guard Armory, 605 N. Main Street, during

which the first relief checks to be issued in the state as the result of this disaster were disbursed to Rockford residents.

The June 27 deadline is applicable to Lake County residents to file loan applications. The applications may be filed in Fox Lake at the following address: Fox Lake Fire Station on McKinley Avenue, Fox Lake, Illinois, 9:00 a.m. to 6:00 p.m. Monday

through Saturday, 9:00 a.m. to 4:00 p.m. Sunday. Phone: 312-587-6416 or 219 South Dearborn Street in Chicago and at 502 East Monroe Street in Springfield.

WHY BUCKLE UP

As a result of accident studies, Ford Motor Company tried to find ways of keeping occupants from being thrown out of the car, and to reduce severity of contact with the interior. The seat belt was the first proven solution, and remains today the most important one.

Seat belts were introduced on an optional basis in 1955 for Ford's 1956 models, became standard equipment for two front seat positions in 1964; the two front and two rear positions in 1966; and later became required for every forward-facing seating position under federal law.

Perhaps because people do not like to think they will ever be involved in an accident, seat belts were hardly an overwhelming success when they were first introduced. Until they were made standard, no more than one out of five auto buyers demanded them.

ANTIOCH TRACK TEAM TAKES ALL CONFERENCE

For the fourth year in a row the Antioch High School Track Team walked away with the All-Conference Title. The title was won after a bout with Lake Forest on May 22nd and 23rd.

Antioch won the meet by some 13 points over Lake Forest, who was the top rated team. Originally, Lake Forest was heavily favored to win the battle for the title with Lake Zurich. This is the same situation that the Sequoias found themselves in last year and once again they surprised everyone.

The 60 member Antioch Track Team began their practicing in January. Coach Jerry Sandberg attributes their success to the great team effort that was displayed by everyone, including those members who did not actually participate in

the meet. He commented that their team effort is probably the one reason why they are able to win the meets when no one expects them to: "The kids really believe in themselves," he said.

This is the third year that Mr. Sandberg has coached the team. He has been assisted by Norman Hahn, who reportedly "has done a really great job." The team won 7 out of the last 9 conference titles. This year they lost only one triangular meet and that was to Lake Forest. The season record was 9-1.

Outstanding weightmen: Seniors, Gregg Dickson, Steve Paterson, and Brad Fortney. Senior Pole Vaulters: Kirk Moran and Bill Garhardt; Outstanding Junior Members: Mark Andrews, Bob Bailey, Tim O'Neil, Vic McGuire, and

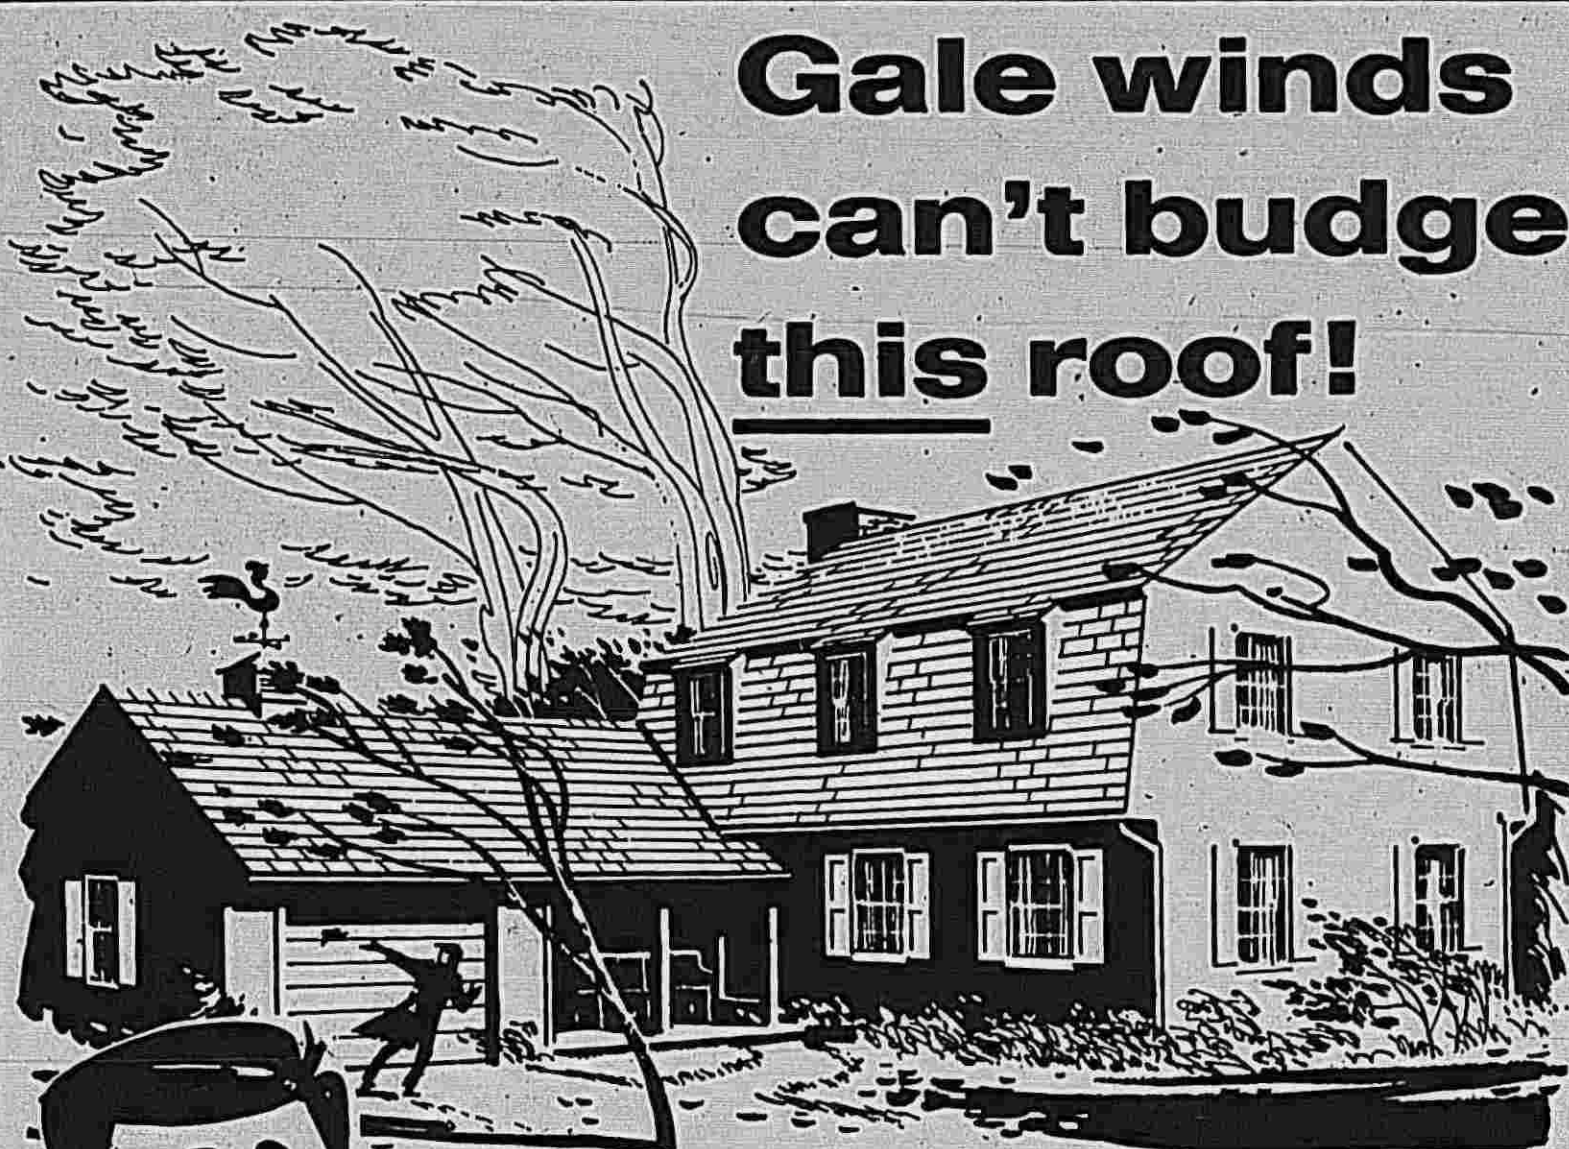

1973 ALL-CONFERENCE TRACK TEAM

Scot Kiedland; Outstanding Sophomore Members: John Sondag, Mike Harland, Kevin Walpole, and Mike Jones.

John Sondag, Gregg Dickson, and Coach Jerry Sandberg proudly display the trophy they won as they took 1st place in the All-Conference Track Tournament over Lake Forest on May 22nd and 23rd. (Staff Photo)

DUKAS — BIGGEST CAREER WIN

George Dukas of Zion picked up his biggest career win Saturday night at the Waukegan Speedway in the hotly contested 50 lap Memorial Day classic for Late Model Sportsman Stock cars. Wheeling's J. P. Gatti Jr. finished a close second.

This was Dukas' 18th feature race win at the Waukegan track. Following Dukas and Gatti at the finish were Able Avila (Waukegan), Rodger Hacke (Waukegan), Bill McDonald (Crystal Lake), and Dennis Heiskala of Waukegan.

Dukas took the feature lead in the 8th lap with Gatti right on

his back bumper. These two ran in close formation for the remainder of the race as they lapped slower cars.

The 50 lapper required just one re-start, that coming in the 21st lap when George Garrett (Zion) spun and momentarily blocked the track. Twelve of the original 18 starters were running at the finish.

Saturday's entire program was neatly sandwiched between showers with one slight delay encountered before the trophy dash. Sunday Super Stock events were rained out, and are re-scheduled for next Sunday night.

SEQUOITS PLACE SECOND IN CONFERENCE

Antioch vs Wauconda

On May 22, Antioch got their revenge on Wauconda by beating them 6-1.

Neither team could do anything for the first two innings. Things were going so bad for the Sequoits that Mark Maras, after getting a single, stole second but went back to first thinking he heard the umpire calling a foul ball. He was then called out, the reasoning being that he made a farce of the game. Coach Seemann went out to discuss the call, and, after a few minutes of doing this, was thrown out of the game.

But the very next inning things settled down, save the threatening weather. With one out, Shayne Schroeder walked and advanced to third on Ed Weitz's single. Weitz stole second, and Rick Sedar got a scratch single to load the bases. Tim Mieure forced home Schroeder on a walk, Fred Popp scored Weitz on a sacrifice fly, and Mark Maras singled Sedar home.

A single and a double with two outs in the bottom half of the third accounted for Wauconda's only run.

In the fifth, Ed Weitz got on base on an error by the first baseman, and advanced to third on a passed ball. Rick Sedar then got his second infield hit and stole second base. Tim Mieure hit a sacrifice fly to score Weitz, and Fred Popp's double scored Sedar.

The Sequoits added one more run in the sixth when Mark Maras got an infield hit, went to third on an error by the right fielder, and scored on a passed ball.

The on-off flow of rain after the fourth inning did not dampen Antioch's lead in the game. The Sequoits held on to win their ninth game of the season.

Jim Fischer

Antioch vs Lake Zurich

On May 25, Antioch ended the season by beating Lake Zurich 4-1.

Lake Zurich scored first on a double, single, and a ground ball to first to advance the runners, one to second and one to home.

Antioch got on the scoreboard in the third inning. Shayne Schroeder, Ed Weitz, and Rick Sedar got three consecutive singles to start the inning. Tim Mieure followed with a line drive triple to right field to score the three runners.

The Sequoits got their other run in the fifth inning when Schroeder got an infield hit, stole second, and scored on Sedar's single to center field.

Fred Popp won his fifth consecutive game, and ended the season with a 6-2 record. His ERA was a low 1.81 and he struck out an amazing 73 batters in 54 innings. The Sequoit's record for the season is 10-4, the best record Coach Seemann has ever had.

After the game, Coach Seemann and his managers, Joe Green and I, were thrown in the showers to end the locker room festivities.

The players and the managers voted to elect four players for the Most Valuable Player, The Most Improved Player, Team Captain and The Player

with the Most Team Spirit awards. The results were: Most Valuable-Tim Mieure; Most Improved-Shayne Schroeder; Most Spirit-John Rooker; Captain for 1974-Mike Gutowski.

High School Baseball is not a huge spectator sport. The Sequoits are happy with any fans they can get, and when one fan is there for every home game - well, that's cause for celebration. Andy Euzzino of Antioch proudly wears an honorary baseball cap given to him by the team and receives a gift baseball from Captain Tim Mieure, as Coach Seemann and team members look on. The presentation took place before last Friday's game against Lake Zurich. (Staff Photo)

By winning over the Lake Zurich Bears Friday afternoon, Antioch assured themselves of a 2nd place finish in the Northwest Suburban Conference. In the top photo, a Sequoit runner slides in safely under the second baseman's glove. In the lower photo, Tim Mieure gets the ball just a second too late to stop a Lake Zurich runner. (Staff Photos)
